Framing

All frames are hand made by SK Images using wood that is from commercially sustainable forests active in the replanting process. Standard woods are available in 2 and 4 inch widths consist of: red oak, maple, white pine, and poplar. Other woods are available and vary in price so please inquire! Each frame comes standard with two inner edge cuts, one outer edge cut, museum grade glass, hardware and your choice of paint or stain. There is a whole world of stains and paint colors so please inquire!

High humidity in your home can damage fibrous materials, if this is your situation we can seal your frame with plexiglass for a small fee.
